

17 July 2025

Dear Parents/Carers

**Year 6 Activities: Monday 8 Sept - Thursday 11 Sept 2025**

A range of activities has been arranged for pupils who are staying in school and not attending the residential trip. Pupils need to come to school in their school PE kit every day.

**Monday 8 September – A variety of experiments and hands on activities**

**Tuesday 9 September - Circus Skills Day**

We have booked 'Circus into Schools' to provide circus skills workshops. Pupils will have a go at some of the following skills: parachute games, skipping, diabolo, spinning plates, juggling, pois, hula hooping, balancing feathers, ribbons, juggling rings, pedalgoers, hand held stilts and hat manipulation.

**Wednesday 10 September – A variety of team building outdoor learning activities**

**Thursday 11 September – Natural History Museum, London**

There will be a cost for the activities, which will be heavily subsidised by school. The cost per child will be £6.00 paid by 9am Wednesday 3 September 2024 via Arbor.

Thank you for your continuing support.

We look forward to an exciting four days of activities. More details will follow in September.

Yours sincerely

*Year 6 Team*
